Shortfall in construction of houses during Ninth Plan

1089. SHRI SANTOSH BAGRODIA:
SHRI HARISH RAWAT:

Will the Minister of RURAL DEVELOPMENT be pleased to state:

(a) whether shelterlessness was aimed to be removed by the end of Ninth Five Year Plan but only 50.34 lakh houses were constructed/upgraded as of March 2002 against the target of 109.53 lakh housing units;

(b) if so, the reasons for constructing/upgrading less number of houses; and

(c) whether it is a fact that the money released for rural housing was not spent on the programme but the money has been kept in deposits or mis-appropriated or incurred expenditure in excess of the approved norms?

THE MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRIMATI SURYAKANTA PATIL): (a) and (b) As per the information available with this Ministry, around 85.95 lakh houses were constructed/upgraded in rural areas under the Indira Awaas Yojana upto the end of the Ninth Five Year Plan *i.e.* March, 2002 since its inception against the target of 95.26 lakh houses. The year-wise targets are fixed on the basis of unit cost of the Indira Awaas Yojana houses and annual budget available. The marginal shortage is due to unspent opening balance with the States/Union Territories.

(c) Some cases of mis-utilization/mis-appropriation or expenditure incurred in excess of the approved norms, as reported in Comptroller and Auditor General (C&AG's) Report, which were brought to the notice of the concerned State Governments for remedial measures, as the rural housing schemes are implemented by the State/UT Governments.
